GUI Designers

- [Simple Form Designers](#) are available on the community wiki. **Janet Terra** won the Simple Form Designer Contest with her fantastic entry, but Willie Lee and DRocks also entered wonderful programs. All three are excellent, easy to use GUI form designers for your Liberty BASIC programs.

LB4.04 HTML Help

Liberty BASIC 4.04 has plain, HTML helpfiles. The help system displays in the user's browser and is not easily searchable. Listed here are search and display tools to make the help system more accessible.

- [Liberty BASIC Help CHM Creator](#) - a utility that automates the process of compiling the HTML

helpfiles to CHM on your computer.

- Help Search Challenge at the Community Wiki includes several great utilities written in Liberty BASIC that search and display the HTML helpfiles.
